

## CHATEAU HAUT-BRION

PREMIER GRAND CRU CLASSE EN 1855

### 1996 Vintage

#### The Climate

The climate of 1996 was mostly characterized by its great irregularity. Except for a few days in July, there were no long hot periods. It began to rain rather late in August. The first half of September was temperate but it rained all the time during the second half. Altogether the summer was average with a few nice intervals.
