

## CHATEAU HAUT-BRION

PREMIER GRAND CRU CLASSÉ EN 1855

### 2001 Vintage

#### The Climate

The weather conditions this year were very similar to the ones in 2000. The really hot weather in July (7 days were above 30 degrees) and in August (12 days were above 30 degrees), was very noteworthy. Other than two days of heavy rain, it did not rain very much between July 20<sup>th</sup> and September 20<sup>th</sup>. As a result the grapes matured slowly but perfectly. During the picking the weather was extremely mild and generally hot and dry with the exception of two days of heavy rain on September 22<sup>nd</sup> and October 3<sup>rd</sup>. We did not harvest during those two days.
