

CHATEAU HAUT-BRION

PREMIER GRAND CRU CLASSÉ EN 1855

1994 Vintage

The Climate

As in 1993, this vintage is characterized by its early ripening due to the very mild winter. A quite cold and humid Spring slowed down the vegetation a little. Summer was hot with several thunderstorms. The evenness of the flowering was also evident during the ripening. Some Rainfall in September accelerated the picking of a generally sound and well-ripened harvest.

Tasting notes

This wine is characterized by the harmony between the very soft and very fine structure and the complex aroma given by the soil of the Graves. The wine has great charm. It will be possible to drink it in the next few years but it really should be kept. It will age remarkably.
